

NACHI

40 Years NACHI EUROPE GmbH

Progress and innovation going back 40 years

Since it was founded in 1967, NACHI EUROPE GmbH has made a decisive mark on industry and, in particular, medium-sized European businesses during its forty years existence, through brave, carefully developed technical innovations.

Chronicle 40 Years of NACHI in Europe

1967

NACHI-Fujikoshi (Europe) GmbH was established in July; first office address at Klosterstrasse 78 in Duesseldorf. Warehouse operation for Bearings started at Rotterdam-port. Office was started by 5 employees with 160 m² space.

Our customers value NACHI for its tradition of passionate technical development, its quality and precision of the highest standards and its utter reliability. To us, our excellent reputation is both an obligation and an incentive to support our customers, both now and in the future, with still better, still more precise, and still stronger products and product systems.

1973

NACHI-Fujikoshi (Europe) GmbH moved to a larger office at Immermannstrasse 13 in Duesseldorf together with the NACHI (Deutschland) GmbH, later NACHI Germany GmbH.

1976

NACHI Industrial was founded in Salamanca/Spain; Production of Bearings started in 1978.

Achieving conviction through performance and quality

With a closely knit network, NACHI EUROPE GmbH is in an excellent position to develop your success in the European market. As a capable, wide ranging manufacturer and developer of innovative mechanical/electronic technologies, NACHI will help you to expand and develop your business potential in Europe.

1977

Tool-Sales started keeping a warehouse in Duesseldorf.

1982

NACHI-Fujikoshi (Europe) GmbH moved into a larger office in Neuss, Wiesenstrasse operating its own warehouse for Bearings and Cutting Tools. Size of the building was 3755 m².

Logistics – Sales – Customer services: We keep our promises on customer satisfaction

The NACHI logistical centre, situated in Krefeld on the lower Rhine, near the gates of Düsseldorf, performs the European transshipment of goods and market distribution. At NACHI, sales and logistics are closely meshed operations, offering high quality, efficient customer services.

The centre in Krefeld forms the interface between the international production sites and the European markets. Our promises of quality apply to every branch and division of the NACHI Group.

2004

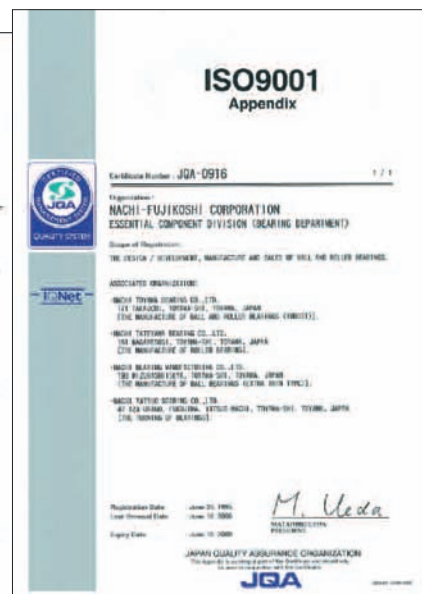

NACHI Europe GmbH, Spain Branch was established in Madrid and Barcelona.

2004

NACHI Europe GmbH, Czech Branch has been established in Kolin.

2005

NACHI Europe GmbH, U.K. Branch has been established in Birmingham.

2005

NACHI Europe GmbH moved to a brand new site in Krefeld, Bischofstrasse. The Robotic and Hydraulic Division also moved to here from Pleidesheim.

From here NACHI Europe promotes "NACHI Business" for the European market.

Current number of employees is over 50 people. Building size is approximately 3000 m².
